## ANNUAL REPORT 2017

### CWD QUALITY POLICY

CALUMPIT WATER DISTRICT, a world class Water District that provides water and effective sanitation services anchored on excellent customer service delivery is fully committed to provide safe, adequate and affordable water supply to not just in the whole municipality of Calumpit but together with its adjoining areas with compliance and satisfaction of customer including statutory and regulatory body of the district in adherence to all applicable requirements. The district is committed in maintaining process excellence with consistency by delivering upon Quality Management System (QMS) requirements in combination with continuous process improvement achieving it through CWD's Quality Objectives.

With careful allocation of its resources, CWD planned and implemented various programs and services to maintain and improve its twenty-four (24/7) hours water supply to all Calumpiteños.
